

Certificate of Environmental Compliance

I. General Research Information

Name of Principal Investigator: _____

e-mail address: _____

Phone: _____

Lab Location(s): _____

Project Summary:

II. General Usage Information

Are there any environmental concerns associated with your research project?

YES NO

If **YES**, describe:

*Does this research involve the use of any of the following? (Check either YES or NO):
(Provide as much detail as possible if YES):*

YES NO

- Human or NHP body cells, fluids, tissue or other potentially infectious material?
- Recombinant DNA, infectious agents or biological toxins?
- Radioactive materials and/or ionizing (x-ray) or nonionizing (laser or RF) radiation producing equipment?
- Laboratory Animals?
- Nanoparticles?
- Hazardous chemicals?
- Are there any air emissions or dust (particulates) that will result from this research?

- Is research conducted in a lab hood or exhausted from the lab in any way (i.e., fume hoods utilized)? Please be specific listing what emissions or particulates will result.

If **YES** to any, describe:

III. Materials Used in Research

If material is not used, please answer not applicable (N/A)

	<u>How are these stored?</u>	<u>Describe disposal procedures</u>	<u>N/A</u>
• Radioactive Materials? (solid and liquid forms)			
• Hazardous Chemicals?			
• Biohazardous Materials?			

By signing this document, I agree to comply with university policy, and all local, state and national environmental regulations as they pertain to my research. I will report any environmental releases or violations of regulations to EHS.
